

LOVING MEMORY

Dr. Martin Luther King Jr.

January 15, 1929 - April 4, 1968

Thank you, Thank you Dr. King for all the work you have done. Victory, Sweet Victory you have won, for all the labor you have done.

I know someday, someday you will outshine the sun. No one, not no one can ever wonder if you were a Saint; Just look at the legacy and the legend you left behind.

Dr. King, you've been a role model for us to follow; You have dedicated and you have sacrificed your life to the Savior. You have taught us all what it really means to love Jesus, and I just know, I just know you are a Royal Child of God.

Thank you, thank you Dr. King for all the work you have done; Your labor was not in vain, and I just know you will be in our Father's Hall of Fame. In the windows, in the windows of my "Lil" mind, I can see you in the presence of Father Abraham, Isaac and Jacob at the Master's table.

Dr. King, we could look upon your face and see the Face of Jesus. Dr. King, you have gone away,

But the garden you planted is now blossoming, and your Legacy and your Legend live on eternally. Thank you Jesus, thank you Jesus, for someone like Dr. King.

He boldly talked his talk and he boldly lived his walk.

Jesus, if we were all like Dr. King, this would be a wonderful and a fantastic world to live in. Thank you, Dr. King, you have shown all of us how we must walk in the Master's shoes.
